

Welcome to our website. We hope you enjoy learning and seeing what our school is all about. Dasman is a family school. It was created to meet the needs of all the family members. The families with children of varying levels of achievement could enroll all of their children as Dasman. Kids with exceptionalities and those without one can learn together at Dasman; we do not focus on a students' disability. We focus on their abilities.

With close to 1600 students, Dasman is a special place.

Our teachers come from all corners of the world. Some are new teachers, others are veterans. We count on the young ones to teach us new technologies, educational research and all that is new and innovative. We count on the veteran teachers for their wisdom which comes from years on the front lines.

If you are a parent looking for a quality education, then Dasman Model School is for you. If you are a teacher looking for a challenging and rewarding experience, then Dasman Model School is for you. Our Board of Directors is committed to providing all of the resources necessary to ensure the best possible education possible.

So enjoy discovering Dasman and do not hesitate in contacting me if you have any questions.
